

Can you help?

We the archivists are trying to get the Archives up to date with the introduction of many of the items in the catalogue – just think we have recently put on a display of Brownie Uniforms through the years – which we think you will agree was wonderful – but we do not have much of the present uniform or casual Girlguiding wear to hand on to our successors! We know that present day materials will probably deteriorate quicker than the old material – that is why we would love to have new items to add to our collection.

In 2016 Rangers will be celebrating their centenary – but we do not have any of their up to date uniform or supporting essentials.

We need other items as well as uniforms we would like to add to our collection of books and training manuals so that members of the future will see how Girlguiding worked when we were all in charge.

Below is a list of items we would love to own – Can you help us to make it happen and keep WYS Archives Alive?

Please let Pamela Jessop know what you can donate – pamelamj8@gmail.com and then she can arrange for you to bring the items to her.
